In re Patent Application of

Electronically filed by Patti Ross on September 22, 2010.

Keith V. Wood

Application No. 09/645,706

Confirmation No.: 3329

Filed: August 24, 2000

Examiner: Rebecca E. Prouty

“SYNTHETIC NUCLEIC ACID
MOLECULE COMPOSITIONS AND
METHODS OF PREPARATION”

REQUEST FOR RECONSIDERATION OF PREVIOUSLY
SUBMITTED REFERENCES ON AN
INFORMATION DISCLOSURE STATEMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

The undersigned respectfully requests the Examiner to reconsider three references which were submitted previously on an information disclosure statement.

In the Notice of Allowance dated September 8, 2010, the Examiner lined through the following two references stating that the references were cited on an previous information disclosure statement (11/08). The Examiner is correct in this statement; however, the references were also lined through on the August, 2008 information disclosure statement.

- LESSER, M.P. et al., “Montastraea cavernosa green fluorescent protein mRNA, complete cds,” GenBank Accession No. AF406766 (9/2/2001) 2 pages; and
- LESSER, M.P. et al., “Montastraea faveolata green fluorescent protein mRNA, complete cds,” GenBank Accession No. AF401282 (8/5/2001) 2 pages.

Also in the Notice of Allowance dated September 8, 2010, the MATZ, Inst. Bioorg. Chem. (2002) 1-21 reference was lined through as a copy of the reference was not provided. An attempt to include the reference was done; however, there was a problem in the submission wherein it only contained one page of the 22 page document. We are submitting this reference in its entirety in hopes that the Examiner will reconsider.

No concession is made that these documents are prior art, and Applicant expressly reserves the right to antedate the documents as may be appropriate.

Respectfully submitted,

Michael R. Langer
